Instructor
Dr. Lori K. Warren
Office: Animal Sciences - Bldg 459 Suite 210, Office 210G
(352) 392-1957
Email: LKWarren@ufl.edu
Office hours: By appointment. Please call or email to schedule an appointment. In most cases, I will respond back to you within 24 hours.

Course Description & Objectives
ANS 3405 is an applied nutrition course focusing on feeding programs for all types and classes of horses. Topics will include: selection of feeds, nutrient requirements, diet evaluation and formulation, feeding management, and treatment and prevention of feeding-related disorders. Classroom activities and assignments will integrate the science of nutrition with practical horse management, enabling you to create feeding programs that promote equine health & well-being.

Upon completion of this course, you will be able to:
- Appreciate the digestive anatomy & digestive process unique to equids
- Evaluate & select appropriate feeds for horses
- Design effective diets and feeding programs to meet the horse’s nutritional and psychological needs
- Recognize feeding-related problems and evaluate potential solutions

Time & Location
Tuesdays & Thursdays
Period 4 • 10:40AM - 11:30AM
Animal Science Bldg • Room 156

Prerequisites
You must have already taken:
- ANS 3440 Princ. of Animal Nutrition
- Algebra (minimum math level)
- 1 semester of General Chemistry

Textbooks & Other Resources
No textbooks are required for this course, but the following sources of information are highly recommended:

3) The Horse magazine (www.thehorse.com); a reasonably good source of health & nutrition info. You can access articles for free after signing up.

Course Information on CANVAS
- **https://lss.at.ufl.edu/**
- Click the BLUE “e-Learning in CANVAS” button on the left, then enter your Gatorlink ID & password.
- Check **Settings** and **Notifications** in your CANVAS account -- make sure the “Announcements” and “Conversation” settings are **set to ASAP** in order to receive timely announcements about the course.

CANVAS will contain:
- Announcements
- Course Notes
- Assignments
- Your Grades
- Reference Articles
- Useful Links

IMPORTANT DATES
EXAMS:
- ★ Sept 24
- ★ Nov 3
- ★ Dec 18

ASSIGNMENTS DUE:
- ★ Sept 10
- ★ Sept 17
- ★ Oct 6
- ★ Oct 15
- ★ Oct 27
- ★ Nov 12
- ★ Dec 1
Assignments
You will have 7 major (and 2 minor) homework assignments in this course. Most major assignments are case studies that depict practical feeding scenarios. Your task is to research the problems presented and come up with a solution. You will not be given all the answers to the case before they are assigned. Assignments (with instructions) will be provided at least 5 days before it’s due.

Policy on LATE assignments:
It is expected that ALL assignments will be submitted on time during the normal class period. Without a valid absence (see below), any assignment turned in late will receive the following penalty:
- 0.1 – 24 hrs late = -20%
- >24 – 48 hrs late = -35%
- >48 hrs late = NOT accepted

Exams & Quizzes
EXAMS:
There will be 3 exams, each covering approximately 1/3 of the material. Although exams are not strictly “cumulative,” new material does build upon previous information throughout the semester. Exam questions will be a mixture of multiple-choice, true/false, matching, short answer, essay, & math problems.

QUIZZES:
Expect both announced and unannounced quizzes.
- Anything said in class, even if not in the course notes, can appear on exams & quizzes.
- Make-up quizzes & exams are NOT allowed without a valid absence.

Attendance & Make-Up Policy
Regular attendance is expected & active participation is necessary for successful completion of this course.
If you know you will be absent from class, please contact the instructor at least one week in advance of the date(s) missed.
If you have an unforeseen emergency, you will need to provide written documentation to support your absence (eg, if you are sick, a doctor’s note with justification is necessary).
It is your responsibility to contact the instructor to develop a plan to make-up missed work. Missed work for excused class absences will be accepted with no penalty if completed by the extended deadline. The opportunity to make-up missed work will not be offered without a valid excuse.
Class attendance and make-up work policies are consistent with UF policies found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Grading Policy
Grade distribution:
Assignments & Quizzes .......................... 40 %
3 Exams .............................................. 60 %

Grading Scale:
A = 90 - 100 %  
B = 80 - 89.9 %  
C = 70 - 79.9 %  
D = 60 - 69.9 %  
E = less than 60 %

- No +/- grades will be assigned.
- There will be NO grading curve.
- YOUR GRADE (%) = [(pts earned on assignments + quizzes / 380 total pts possible) X 0.40] + [(pts earned on exams / 300 total pts possible) X 0.60]
- You have one week after the return of any graded item to resolve questions. After that, all grades are final.
- Retain all graded items until you are assigned a final course grade.
- For information on current UF policies for assigning grade points, see: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

Do NOT wait until the end of the semester to discuss problems you are having with the course or your performance. Your success in this course is important to your instructor!

Cell phones, laptops, tablets and other electronic devices should be silenced during class time.

You will need a calculator for this course. Use of the calculator function on your phone will NOT be allowed during quizzes & exams.
Academic Honesty

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (eg, assignments, papers, quizzes, exams).

Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action.

For more information regarding the Student Honor Code, please see: https://www.dso.ufl.edu/sscr/process/student-conduct-honor-code

This policy will be vigorously upheld at all times in this course.

Software Use

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Campus Helping Resources

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the University’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

Services for Students with Disabilities

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services, and mediating faculty-student disability related issues.

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.
