WEEKLY JOURNAL CLUB

For discussion of problems and techniques in the lab, also individual presentation of research projects and papers in the literature. Papers can be on any topic but should exist as a pdf file that can be mailed to the group one week ahead of time. In general, each graduate student is generally scheduled twice – once for discussion of a research project and once for discussion of a paper.

Everyone should get their IVF data entered in the lab book by Sunday after cleavage is checked.

Weekly Meeting Time: Monday, 9:00 AM

Meeting Place: 102 Dairy Science Bldg
