COURSE DESCRIPTION

ANS3239L is designed to teach the knowledge, horseback, and management skills required for proper daily horse care and conditioning. Students will participate in a series of laboratory activities to increase their knowledge of equine behavior and horsemanship. Students will also learn practical skills to use in a ranch setting such as handling a rope and how to effectively work cattle.

Working with Livestock is inherently risky. Many of these animals are capable of injuring people, especially when they are in flight or fight mode inspired by a stressful situation. Instructors will work to provide students with the ability to manage horses with minimal stress, thus lowering the risk of injury to people and animals.

The riding portion of this course is physically demanding and requires that students be able to mount horses unaided and maintain balance while riding.

COURSE OBJECTIVES

- Upon completion of this course, students will have a better understanding of basic daily management techniques.
- Students will have an increased awareness of safe horse handling practices, on and off a horse.
- This course will teach horse tack and equipment selection, care, and use.
- Students will develop foundational skills needed to effectively utilize a horse in a ranch setting.

COURSE FORMAT

- All classes meet at the UF Horse Teaching Unit, 1934 SW 63rd Ave.
- Tuesday and Thursday, 6th 7th period (12:50 PM 2:45 PM)
- Students will receive credit for attendance and active participation in the class. There will be 3 mini practicums and a comprehensive final practicum. The practicum will include only non-riding skills.
- There will be ONE extra credit opportunity which is due on 11/13 at the latest.

COURSE WEBSITE ON CANVAS

The canvas website will contain the syllabus and resources, such as hand-outs and assignments. Email communications will be sent via the course website. There is no specific textbook for this class.

CLASS ATTENDANCE

This course requires a large time commitment in order to increase your competency with horses. If you are unable to make this commitment, do not take this course.

Regular attendance is expected, and active participation is necessary for success. If you know you will be absent, please contact your instructor at least 24 hours before the class to be missed. For classes missed due to unforeseen emergency, you will need to provide written documentation to support your absence.

MAKE-UP WORK

The opportunity to make-up missed work will not be offered without a valid excuse. This applies to all attendance credit, quizzes, and assignments. Class attendance and make-up work policies are consistent with UF policies found at https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/.

LATE WORK

Without a valid absence, assignments turned in late will receive the following penalty:

■ >48 hrs late will not be accepted

GRADING

Attendance, participation, and progress (progress & skills will be monitored daily). 45 pts.

■ There are 27 class meetings to convert to 45 points. Therefore, each class is worth ~1.6 points of the final grade.

Final Practicum – handling horse and preparing to ride (not riding skills) 25 pts.

Three 10-point mini practicums of horse handling skills 30 pts.

A = 90-100% C = 70-74.9% 100 pts.

B + = 85-89.9% D + = 65-69.9% B = 80-84.9% D = 60-64.9% C + = 75-79.9% E = <60%

On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (https://sccr.dso.ufl.edu/process/student-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

DIGITAL DEVICES (CELL PHONES, IPADS, LAPTOPS)

Cell phones must remain powered off and stored during class and when with horses unless specifically permitted for an activity or assignment. Unless students are taking notes on their laptops, laptops should be off during class. If students are found to be using social media during class, they may be asked to turn in their device for the remainder of the class and may be docked that class's participation credit. This is primarily for your own safety when working around the horses.
