

ANS 3008 Livestock Behavior & Welfare – Syllabus Fall 2022

Course Title

ANS 3008 Livestock Behavior & Welfare (3 credits)

Time and Location

- Online – lectures delivered asynchronously
- Synchronous (virtual) class sessions are held via Zoom on Wednesdays 11:45 – 12:35 (5th period), according to class schedule (Page 5 of this Syllabus).

Course Instructors, Teaching Assistants, and Office Hours

Instructors:

Emily Miller-Cushon, Ph.D.

Associate Professor, Department of Animal Sciences

Email: emillerc@ufl.edu

Lectures are pre-recorded by Dr. Miller-Cushon. Our weekly class sessions are led jointly by Dr. Miller-Cushon, and your TAs, Katie Gingerich and Jess Bonney.

Teaching Assistants:

Katie Gingerich, M.S.

PhD student, Department of Animal Sciences

Email: kgingerich@ufl.edu

Jessica Bonney, M.S.

PhD student, Department of Animal Sciences

Email:

Katie and Jess will help with class discussions and grading and are available to help with any questions or concerns.

Office hours are held on Monday (11:45-12:35). See Canvas for the zoom link. Office hours are times that your instructors and/or TAs specifically set aside to talk with students about any questions, so please join if you'd like to talk. You may need to briefly wait before joining if another student is already present. Additional meeting times are available with the instructors or TAs by appointment. Please reach out via Canvas inbox with any questions or to schedule a virtual face-to-face meeting. We also encourage you to post questions relating to the lecture material in the weekly discussion thread to also benefit others.

Course Description and Objectives

This course explores factors influencing the expression of animal behavior, and the ways understanding behavior may be used to assess and improve animal welfare. Basic principles will be illustrated with examples drawn from a wide range of species, both domestic and wild, but the focus of the course will be on applying concepts to understand the behavior and welfare of livestock. This course involves formal lectures and group discussion.

Upon completion of this course, students will be able to:

- Describe fundamental processes involved in development and control of behavior
- Discuss basic categories of behavior, drawing examples from different species
- Apply understanding of animal behavior to draw conclusions about animal welfare
- Consider how common management practices for livestock influence behavior and welfare
- Interpret and critically evaluate scientific literature in the field of animal behavior

CLASS STRUCTURE

Course Website on Canvas: Our course website can be found through login to Canvas (<http://elearning.ufl.edu>). All course material, including the syllabus, lectures, and content described below, are on Canvas. Grades and assignment feedback are also posted through Canvas. I will also use Canvas as the primary means to contact with you any important announcements.

If you are not yet familiar with using Canvas, please look at the Canvas 'Getting Started' Guide: guides.instructure.com/m/8470. To make sure you are not missing any announcements, please make sure your Canvas settings are adjusted as follows:

- Go to your general **Canvas Settings** (upper right corner within Canvas) > **Notifications** (left menu bar) > **Notification Preferences**: here set to **"ASAP"** for (at least) Announcements.

Lectures and course content: Lectures are pre-recorded and available to you via Canvas, organized by topic within weekly modules. In addition to these lectures, topics are covered through use of materials, such as short videos and additional reading, which are listed under the recorded lecture videos to accompany the recorded lecture. Each weekly module links to a discussion thread, where you may post any comments or questions related to the content. The instructors and TAs will be monitoring this thread and posting replies, and you are also welcome and encouraged to respond to your classmates' comments. Participation in class discussion boards will contribute to your 'Class Participation' grade, as described below.

Weekly class meetings: Class sessions are synchronous on Wednesday and held via Zoom, with your attendance counting towards your 'Class Participation' grade. During these meetings, we will have a range of activities to complement lecture material, on dates as outlined in the syllabus. These will often involve some reading ahead of time, and incorporate discussion (e.g. using 'breakout rooms' to facilitate small group discussion). These live class sessions will also be used for review sessions during test weeks

ANS 3008 Livestock Behavior & Welfare – Syllabus Fall 2022

and involve guest speakers during some weeks. Topic and any expectations, such as assigned reading, for the weekly synchronous class sessions are outlined in the Class Schedule (Page 5 of this Syllabus) and on Canvas under Modules (readings will be posted on Canvas before the discussion date).

The following textbook is an optional supplemental reference for this course:

Price, E. O. 2008. Principles & applications of domestic animal behavior. (2008) Principles and applications of domestic animal behavior. CAB International.

Communication Expectations and Guidelines

Please review our course policy on a few topics important for this online course, including online security, written communication guidelines, communication with class instructors and TA, discussion board etiquette, and synchronous class etiquette:

<https://ufl.instructure.com/courses/406165/pages/communication-expectations-and-guidelines>

ASSIGNMENTS AND GRADING

Assignments will be graded according to rubrics posted on Canvas. Unless otherwise stated, you should expect timely feedback from class assignments and tests (within approximately one week of submission). The final grade in the course will be assigned based on numeric average, as described below.

Grading scheme:

A	92.5-100%	B+	87.5-89.4%	C+	77.5-79.4%	D+	67.5-69.4%	E	< 59.4
A-	89.5-92.4%	B	83.5-87.4%	C	73.5-77.4%	D	63.5-67.4%		
		B-	79.5-83.4%	C-	69.5-73.4%	D-	59.5-63.4%		

For information on current UF policies for assigning grade points, see

<https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/>

Activity	Percentage of final grade
Quizzes (3 during semester; 12% each)	36%
Assignments (3 during semester; 12% each)	36%
Independent research paper (Due Dec 14)	15%
Oral presentation	8%
Class attendance and participation	5%

Tests: There will be three non-cumulative quizzes completed during the semester to assess your knowledge of course material. See the Class Schedule for test dates. All quizzes are scheduled on Fridays, and will open at 8 am and close at 11:59 pm. Each quiz will cover material introduced since the previous quiz, as specified in the schedule. Expect quizzes to consist of both multiple choice and short answer written questions. During each test week, the Wednesday synchronous class period will be a review session summarizing material and answering questions.

ANS 3008 Livestock Behavior & Welfare – Syllabus Fall 2022

Assignments: There will be three written assignments due throughout the semester (see Class Schedule for due dates; cut-off time is 11:59 pm) on topics designed to complement lecture material. The complete guidelines and rubric for all assignments can be found on Canvas and these assignments will also be discussed during a synchronous class before the due date.

Independent research paper: This class assignment will focus on a behavioral topic of your choosing (to be discussed during a synchronous class session and subject to instructor approval). This assignment will involve independent reading and research. You will be responsible for 1) reading and summarizing 4 peer-reviewed scientific journal articles (see 'Tips for Finding Journal Articles' on the course Canvas page), 2) describing unanswered questions related to your behavior topic, and 3) planning how you would go about conducting research to address an unanswered question. The complete guidelines and rubric for this assignment can be found on Canvas. Please note that correct spelling and grammar is important for college-level written assignments and will factor into your grade. This assignment is intended to build on what you have learned in-class throughout the semester. It is in place of a conventional cumulative final exam and is due during the final exam period.

Oral presentation: Based on the behavior topic selected for the literature review, you will develop and record a brief summary of key findings on your individual topic, to share with your classmates and instructor (< 3 min in duration). During your presentation, you will concisely summarize and individually present some key facts on what you have independently learned about your behavior topic. You may use a few slides (e.g. in PowerPoint), simply record yourself speak, or use any other format you choose. These will be pre-recorded and uploaded to Canvas to be available for viewing during the last week of class, as outlined in the Class Schedule.

Class participation: This will be evaluated based on attendance during in-class meetings (held during period 5 on Wednesdays, via Zoom) and participation in discussion boards. To ensure you receive full marks for participation, you should plan to attend all in-class activities (unless you have an excused absence, as defined below) and participate in required discussions.

Absences, Make-up Work, and Late Assignments:

Assignments should be submitted by the assigned deadline. I will accept late assignments for up to 4 days after the posted deadline, with a penalty of 20 % for every day that the assignment is late. In the case of emergencies, please contact me as soon as possible to arrange to turn in assignments without penalty. Requirements for class and test attendance are consistent with university policy, and reasons for absence outside this policy will be considered unexcused and may result in a grade of zero for missed tests: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Please note: there will be no opportunities for make-up work or extra credit assignments, and grade point cut-offs are firm. To do well, I encourage you to keep up with lectures, carefully review all assignment guidelines and rubrics, take advantage of all learning opportunities (study review sessions, review guides), and visit with me early in the semester if you have any concerns. To avoid disappointment with final grades, I aim to provide informative feedback and transparent grading throughout the semester so that you know how you are progressing.

ANS 3008 Livestock Behavior & Welfare – Syllabus Fall 2022

CLASS SCHEDULE

Class dates are color-coded by the test in which that material is assessed: Test 1 material is **blue**, Test 2 material is **green**, and Test 3 material is **orange**.

Week	Modules to cover	Class topic	Other things to do	Deadlines
1	Introduction to animal behavior	<i>Aug 24</i> - Introduction to the course	Post in Introductions discussion thread	
2	Domestication and behavioral genetics	<i>Aug 31</i> – Activity: Developing an ethogram Discuss Assignment 1		
3	Learning and motivation	<i>Sept 7</i> – Learning and motivation discussion	Assigned reading before class	Assignment 1 <i>Sept 9</i>
4		<i>Sept 14</i> - Test 1 review	Test review, bring questions to class or post in discussion	Quiz 1 <i>Sept 16</i>
5	Feeding behavior	<i>Sept 21</i> – Activity: Foraging in captivity Discuss Assignment 2	Assigned reading before class	
6	Social behavior	<i>Sept 28</i> – Research on social behavior: guest Dr. Katey Burke		
7	Maternal and reproductive behavior	<i>Oct 5</i> - Guest presentation: Dr. Danielle Collins	Post questions in the discussion thread	Assignment 2 <i>Oct 7</i>
8		<i>Oct 12</i> - Test 2 review	Test review, bring questions to class or post in discussion	Quiz 2 <i>Oct 14</i>
9	Abnormal behavior	<i>Oct 19</i> – Discussion of behavior topics and final class project		
10	Animal welfare	<i>Oct 26</i> – Animal welfare discussion Discuss Assignment 3	Assigned reading before class	
11	Animal welfare, cont.	<i>Nov 2</i> – Equine behavior and welfare case: guest Dr. Carissa Wickens	Post questions in the discussion thread	Assignment 3 <i>Nov 4</i>
12		<i>Nov 9</i> - Test 3 review	Test review, bring questions to class or post in discussion	Quiz 3 <i>Nov 11</i>
13	Careers in animal behavior and welfare	<i>Nov 16</i> - Guest presentation: Jessie Kull, USDA AWIC	Post in the 'Careers in animal welfare' discussion thread	
14		<i>Nov 23</i> – No class	Happy Thanksgiving!	
15		<i>Nov 30</i> – Research in animal behavior and welfare		Oral presentation <i>Dec 2</i>
16	Final presentations	<i>Dec 7</i> - Discussion: Independent research topics	Watch classmates' presentations	Independent Research Paper <i>Dec 11</i>

OTHER IMPORTANT INFORMATION

Technology requirements and privacy

Our synchronous class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. Discussion during breakout rooms will also not be recorded. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Computer requirements for this course are consistent with UF policy for student computing requirements, and likely similar to your other classes: <https://it.ufl.edu/policies/student-computing-requirements/>

Videos of pre-recorded lectures are shared on lecture pages using **Microsoft Stream**. The first time you access the video, you will need to login to your Microsoft Stream account using your UF username and password.

This course uses **Canvas** for providing course content. Please see the links below for important information regarding privacy and accessibility of these tools:

Canvas (Infrastructure) privacy policy: <https://www.instructure.com/policies/privacy>

Canvas (Infrastructure) accessibility statement: <https://www.instructure.com/canvas/accessibility>

Academic Honesty

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Conduct Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Click here to read the Conduct Code. If you have any questions or concerns, please consult with the instructor or TAs in this class

Software Use

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

ANS 3008 Livestock Behavior & Welfare – Syllabus Fall 2022

Campus Resources

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the university's counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

Health and Wellness

Services for Students with Disabilities

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Online Course Evaluation Process

Student assessment of instruction is an important part of efforts to improve teaching and learning. At the end of the semester, students are expected to provide feedback on the quality of instruction in this course using a standard set of university and college criteria. These evaluations are conducted online at <https://evaluations.ufl.edu>. Evaluations are typically open for students to complete during the last two or three weeks of the semester; students will be notified of the specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results>.

Process Statement on In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.
