

EQUINE APPROVED PRACTICUMS

For graduation, all Equine Specialization students must complete a **minimum** of 2 equine practicum courses for a minimum of 2 **total** credits of approved Equine Practicum electives.

Course Number	Course Title	Credits
†ANS3239L	Techniques in Equine Science	2
‡ANS3239L	Techniques in Equine Science-Ranch Horse Management *offered every other spring-even years	2
‡ANS4212L	Techniques in Farrier Science	2
†ANS4218L	Horse Psychology & Training (schedule a tryout w/ Joel McQuagge) *two semester commitment – must register for ANS4241L in subsequent semester.	2
‡ANS4241L	Intermediate Horse Training *must register for ANS4218L in previous fall semester	3
§ANS4231 Section GSSA	Practicum in Horse Management & Training Technique Stable Management/Horse Care & Grooming (SS A)	1
§ANS4231 Section GSSB	Practicum in Horse Management & Training Technique Stable Management/Horse Care & Grooming (SS B) *must register for Summer A to register for Summer B	1
§ANS4231 Section GSSC	Practicum in Horse Management & Training Technique Stable Management/Horse Care & Grooming (SS C)	1
*ANS4231 Section GRM1	Practicum in Horse Management & Training Technique Stable Management/Horse Care & Grooming	1
‡ANS4231 Section FOAL	Practicum in Horse Management & Training Techniques Foaling Practicum	1
‡ANS4318C	Equine Reproductive Management	3

Color Codes: **Fall & Spring(*)**, **Fall(†)**, **Spring(‡)**, **Summer(§)**

Additional Equine Science & Animal Sciences Electives

Equine Science and Animal Sciences electives may be taken as elective options, but will only count towards a student's 120-credit hour requirement for graduation. These are **NOT** considered approved practicum electives.

*ANS2005 Role of Animals in Human History	ANS4605 Horse Judging
† ANS3008 Livestock Behavior and Welfare	‡ ANS4382 Equine Genetics
† ANS3216 Introduction to Equine Science	ANS4900 Supervised Extension
ANS4905 Special Problems	ANS4911 Supervised Research

Color Codes: **Fall & Spring(*)**, **Fall(†)**, **Spring(‡)**, **Summer(§)**

APPROVED CALS ELECTIVES

For graduation, all Equine Specialization students must complete an **additional 6 credits (minimum) from approved CALS elective courses.**

For a course to be eligible as an approved CALS elective it must be outside the “ANS” department, 3000/4000 level, and be within one of the following departments:

Agricultural Education & Communications (AEC)
Agronomy (AGR)
Agricultural Operations Management (AOM)
Entomology & Nematology (ENT)
Environmental and Natural Resources/Soil & Water Sciences (SWS OR ALS)
Family, Youth and Community Sciences (FYC)
Food & Resource Economics (AEB)
Forest Resources and Conservation (FOR)
Horticultural Science (HOS)
Marine Sciences (FAS)
Nutritional Sciences (FOS)
Plan Science (PLS)
Wildlife Ecology & Conservation (WIS)

***Many of these courses will not auto-populate into your degree audit. Meet with your academic advisor to make sure a course you choose will be approved.**
