Color Codes: Fall & Spring(*), Fall(†), Spring(‡)

Additional Equine Science & Animal Sciences Electives

Equine Science and Animal Sciences electives may be taken as elective options, <u>but will only count</u> towards a student's 60/120-credit hour requirement for graduation. These are **NOT** considered approved practicum electives.

| * ANS 2005 Role of Animals in Human | ANS 4605 Horse Judging | |
|-------------------------------------|-------------------------------|--|
| History | | |
| † ANS 3008 Livestock Behavior and | ‡ ANS 4382 Equine Genetics | |
| Welfare | | |
| † ANS 3216 Introduction to Equine | ANS 4900 Supervised Extension | |
| Science | | |
| ANS 4905 Special Problems | ANS 4911 Supervised Research | |

Color Codes: Fall & Spring(*), Fall(†), Spring(‡)

APPROVED CALS ELECTIVES

For graduation, all Equine Specialization students must complete an <u>additional 6 credits</u> (minimum) from approved CALS elective courses.

For a course to be eligible as an approved CALS elective, it must be outside the "ANS" department, 3000/4000 level, and be within one of the following departments:

*Many of these courses will not auto-populate into your degree audit. Meet with your academic advisor to make sure the courses you choose will be approved.
