ANS 4932
Survey of Veterinary Medicine Professions

Please Note: This course will be taught using a hyflex format, which combines online and classroom-based learning environments so face-to-face and online learners can be taught simultaneously to accomplish student learning objectives. As such, some students in this course have a face-to-face meeting requirement (until university policy deems otherwise). Regardless of learning environment (online or face-to-face), if you fall ill during the semester, you must notify your instructors in a timely fashion so we can provide you with an alternative instructional option.

COURSE FORMAT
Support materials will be presented by instructors and discussed with students during the first few weeks. Guest speakers from various veterinary careers will participate in panel discussions. Many speakers will be part of the UF CVM community.

• If you are enrolled in the face-to-face section, you are expected to arrive to the classroom on time and dressed professionally with a face covering. Cell phones, laptops and other digital devices should remain silenced and away as a sign of respect for invited speakers.
• If you are enrolled in the online section, you will receive the Zoom link each week and will be expected to participate in a live format with your personal cameras on. As such, you are expected to wear professional dress and be in a stationary location with a professional and non-distracting background. Microphones may be unmuted as needed to participate in class and to ask questions. Additionally, the chat feature may be employed to interact with guest speakers. No class sessions will be recorded.

COVID-19 Policies and Requirements: In response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

You are required to wear approved face coverings at all times during class, within buildings, and outdoors while on UF property. Following and enforcing these policies and requirements are all our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.

• Face coverings are to be supplied by you (the student).
• If you (the student) forget your face covering, then one may be provided by the instructors if available. If one is not available, then you will be asked to leave.
• Instructors and teaching assistants will supply their own face coverings and wear them throughout the duration of the face-to-face synchronous session.
Social distancing must be observed throughout the duration of the face-to-face synchronous session – this is defined as maintaining a minimum physical distance of 6 feet between yourself (the student), your peers, instructors, and teaching assistants.

- This course has been assigned a physical classroom with enough capacity to maintain physical distancing (6 feet between individuals) requirements.
- Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.

Follow your instructor’s guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.

- Upon entering the classroom, students, instructors, and teaching assistants will be required to wash their hands for a minimum of 20 seconds. When handwashing stations are not available, hand sanitizer will be used instead.
- Hand sanitizer will be supplied by the university, but you (the student) are strongly encouraged to bring your own hand sanitizer for personal use.
- Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.

If you (the student) do not feel well and/or are running a fever or displaying any other symptoms of illness, do NOT come to the face-to-face synchronous session. Instead, you will attend the online synchronous session that will be streamed from the face-to-face session. If you are too ill to attend and participate in the online synchronous session, please notify the instructors for alternative instructional options.

- If you are experiencing COVID-19 symptoms (Click here for guidance from the CDC on symptoms of coronavirus), please use the UF Health screening system and follow the instructions on whether you are able to attend class. Click here for UF Health guidance on what to do if you have been exposed to or are experiencing Covid-19 symptoms.
- Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. Find more information in the university attendance policies.
- Likewise, if an instructor or teaching assistant does not feel well and/or is running a fever or displaying other symptoms of illness, they will not attend the face-to-face synchronous session.

CLASS ATTENDANCE & EXPECTATIONS

Attendance and active participation are mandatory and necessary for educational success, especially on days of invited speakers.

- If you are enrolled in the face-to-face section, you are expected and required to attend class face-to-face and not via zoom.
- If you are enrolled in the online section, you are expected and required to attend class via zoom. Due to social distancing and classroom capacities, you are not allowed to come in-person.

An unexcused absence will have a negative impact on your grade. Requests for an excused absence must be received in advance of missing class by contacting Ms. Avelino and Mrs. Imler.

If you are experiencing COVID-19 symptoms (Click here for guidance from the CDC on symptoms of coronavirus), please use the UF Health screening system and follow the instructions on whether you are able to attend class. Click here for UF Health guidance on what to do if you have been exposed to or are experiencing Covid-19 symptoms.

Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. Find more information in the university attendance policies.

*Dress Code*

- On days of invited speakers, dress code is business casual. No sleeveless shirts, t-shirts, caps, or hats.
- If you are online, consider what is visible on your camera’s view; however, full business casual dress is recommended. No sleeveless shirts, t-shirts, caps, or hats.

*Cell Phones & Laptops*

- Please have your cellphones SILENCED & away.
- For online students, your laptop should only have your zoom browser open.

DIVERSITY, INCLUSION AND EQUITY
The University of Florida’s College of Agricultural and Life Sciences as well as College of Veterinary Medicine support the University of Florida’s commitment to diversity, inclusion, and equity. By fostering a sense of belonging for students, staff and faculty while leveraging the uniqueness of the people who study and work at the university, we believe our campus community is enriched and enhanced by diversity, including but not limited to race, ethnicity, national origin, gender, gender identity, sexuality, class, and religion. Our course will help foster an understanding of the diversity of our campus community as well as our veterinary medicine, agricultural and natural resource communities, locally and globally.

We will strive to create a learning environment for our students that support a diversity of thoughts, perspectives, and experiences while honoring your identities. To accomplish this, please let us know:

- If you have a name and/or set of pronouns that differ from those that appear in your official university records
- If you believe your performance in the class is being impacted by your experiences outside of class. Do not hesitate to reach out and talk with us. We want to be a resource for you. Anonymous feedback may be submitted, which may lead us to make a general announcement to the class, if necessary, to address your concerns.
- We, like many people, are still in the process of learning about diverse perspectives and identities. If something was said in class (by anyone) that makes you feel uncomfortable, please talk to us about it.

Contact us with any concerns regarding inclusion and equity, including accessibility of learning materials, equipment, and software.
Academic Honesty, Software Use, Campus Helping Resources, Services for Students with Disabilities

Student Honor Code
As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: [http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code](http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code).

Software Use:
All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Services for Students with Disabilities:
The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center. [Click here to get started with the Disability Resource Center](https://disability.ufl.edu/). It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Online Course Evaluation Process

Student assessment of instruction is an important part of efforts to improve teaching and learning. At the end of the semester, students are expected to provide feedback on the quality of instruction in this course using a standard set of university and college criteria. Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at: [https://gatorevals.aa.ufl.edu/students/](https://gatorevals.aa.ufl.edu/students/). Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via [https://ufl.bluera.com/ufl/](https://ufl.bluera.com/ufl/). Summaries of course evaluation results are available to students at: [https://gatorevals.aa.ufl.edu/public-results/](https://gatorevals.aa.ufl.edu/public-results/).
