ANS 3043 Growth & Development of Farm Animals (3 Cr) – Spring 2021

Course Instructors

Tracy Scheffler, Ph.D.
Office: Animal Sciences (#459), Room 210F
Phone: (352) 392-7529
Email: tscheffler@ufl.edu

John Driver, Ph.D.
Office: Dairy Science (#499), Room 204E
Phone: (352) 392-6994
Email: jdriver@ufl.edu

Teaching Assistant: TBD

Office hours: appointments can be scheduled on demand. We will respond to emails within 48 hours.

Time / Format

Lectures will be presented via Zoom at the normally scheduled course time ("synchronous"): MWF 11:45am – 12:35 pm (5th period)

Lectures can be accessed using the link ANS 3043 Zoom Lecture or through Canvas, under “Zoom Conferences” tab. Recording of Zoom sessions is not permitted.

Privacy – audio and visual recording of class sessions

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activate and communicate exclusively using the “chat” feature, which allows students to type questions and comment live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Course Description & Objectives

An integration of the physiological, genetic, and nutritional bases of animal growth, development, and body composition with application to livestock production.

At the end of the course, the student will be able to

- Understand the core concepts of animal growth;
- Describe the dynamic forces that influence early embryonic, prenatal, and postnatal growth and development of domesticated livestock and other mammalian species;
- Discuss the fundamentals of cell biology, and connective tissue, muscle, bone and fat anatomy, formation and function;
✓ Place tissue growth in the context of endocrine, paracrine and autocrine modifiers;
✓ Summarize factors that control and influence animal growth and development including gender, genotype, nutrition, environment, endocrine, growth promotants, and genetic engineering.

Prerequisites

BSC 2010 and 2010L (or equivalent); BSC 2011 or 2011L (or equivalent), ANS 3006C (or equivalent); must be AL major.

Supporting texts

There is no assigned textbook. Some reading assignments and suggestions will be provided and will come from research and popular press articles, online resources, and book chapters. However, we recommend the following textbooks, which the student may wish to consult:

✓ *Growth of Farm Animals* Lawrence, Fowler, and Novakofski; 3rd ed. (2012); ISBN-13: 978-1-84593-558-0 (paperback); CABI Cambridge, MA
✓ College level *Biology* textbook

Course website on Canvas

Our course Canvas website (login via [https://elearning.ufl.edu/](https://elearning.ufl.edu/)) will be the communication and information hub for this course. Syllabus, resources, and lesson material, provided as *PowerPoint* and *pdf* files, will be posted in CANVAS. The lesson material will be organized by topic within modules. The lesson material will have blanks and missing information that need to be completed by you during the lectures. We will not post completed lesson material. The completion will be your responsibility!

➢ To make sure you are not missing any announcement or email, your CANVAS settings must be set to receive emails and announcements related to this class as soon as possible. To change these settings: Go to your general *CANVAS Settings* (upper right corner within CANVAS) > *Notifications* (left menu bar) > *Notification Preferences*: here set to “ASAP” (at least) the following activities: Announcements and Conversations (all three subcategories).
➢ For more information on how to use Canvas, see [Canvas Student Guide](https://elearning.ufl.edu/). The e-learning site and the CANVAS site also provide links to more help options.

Assessments

We will use exams and short quizzes to assess your performance and knowledge. A majority of the exam and quiz material will come from lecture notes (90%) with the remainder (10%) coming from readings or other assigned materials. The exams and quizzes will consist of multiple choice questions, short essay answers, fill-in the blanks, labeling of drawing and
schemes, and free drawings. Table 1 outlines the assessments and their respective point and % values.

Table 1. Assessment types and points

<table>
<thead>
<tr>
<th>Assessment type</th>
<th>Number per semester</th>
<th>Points for each</th>
<th>Total points per assessment type</th>
<th>% of overall grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exam</td>
<td>4</td>
<td>100</td>
<td>400</td>
<td>80</td>
</tr>
<tr>
<td>Quiz</td>
<td>10</td>
<td>10</td>
<td>100</td>
<td>20</td>
</tr>
</tbody>
</table>

Total pts: 500
Total score: 100%

Request to re-grade a quiz or exam must be made within one week from the date the grades were assigned. Grade challenges must be submitted in writing, and returned to the instructor. If for any reason you are having problems understanding the course material and/or are having other academic, university, or personal problems that are affecting your performance in class, please make an appointment with us as early in the semester as possible so the problems can be addressed.

Assessment schedule

1. Exam schedule:

Table 2: Spring 2021 Exam Schedule

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exam 1</td>
<td>M Feb. 8th</td>
</tr>
<tr>
<td>Exam 2</td>
<td>W Mar. 3rd</td>
</tr>
<tr>
<td>Exam 3</td>
<td>F Mar. 26th</td>
</tr>
<tr>
<td>Exam 4</td>
<td>W Apr. 21st</td>
</tr>
</tbody>
</table>

*Note the last exam (#4) will be during the last regular day of class, April 21st.

*Important: Testing will be conducted using Honorlock (please refer to Other important information, Technology requirements section)

2. Quizzes

Weekly quizzes will be available on Canvas and occur every Friday, except for Feb. 12, Mar. 5, and Mar. 26. You are responsible for logging into Canvas and taking the quiz (it will be available for 24h, from 12:35pm F – 12:35pm Sat, EST). The quiz will include material from the previous Friday (or since the end of the previous quiz material) through Wednesday (end of class), or as indicated by the instructor. Note that 10 quizzes will count toward your final grade. In the event that there will be more than 10 quizzes during the semester, your ten highest quiz scores will count toward your grade.

Grades and Grading Policy

Grades are based on performance in the assessments (exams and quizzes). Grade assignment and corresponding percentage and point ranges are shown in Table 3.
Table 3: Grade assignment and point range

<table>
<thead>
<tr>
<th>Grade</th>
<th>% score range</th>
<th>Point range</th>

</tbody>
</table>

* Please note that no minus grades will be used. For information on current UF policies for assigning grade points: [https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/](https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/)

**iClicker sessions**

We will also use the iClicker system during class to help us understand what you know and give everyone a chance to participate. Points earned from these sessions are not included in your final grade but may be used for *extra credit* or bonus points.

Instructions for iClicker Reef:

1. **Create an iClicker Reef account.** It’s free to create an account! You can do this by downloading and opening the iClicker Reef mobile app via the App Store or Google Play, or by visiting [iclicker.com](https://iclicker.com). If you already have an account, DO NOT create a new account; just proceed to the next step.

2. **Add my course to your iClicker Reef account.** Use the + sign to search for my course in iClicker Reef.
   - In the “Find Your Institution” field, enter University of Florida
   - In the “Find Your Course” field, enter ANS 3043
   - Click “Add this Course” and it will be added to the main screen of your iClicker Reef account

3. **Set up the device you plan to use in class to participate in my sessions.** You can download the iClicker Reef mobile app via the App Store or Google Play.

4. **Participate in my sessions during class.**
   - Each time our class meets, make sure you have selected my course from the main screen of your iClicker Reef account.
   - When I start a session, click the “Join” button that appears on your screen, then answer each question I ask in iClicker Reef.
   - For short answer and numeric questions, make sure you press “Send”.

5. **Review your work in iClicker Reef.**

6. **You can review your performance and participation in iClicker Reef.**

*Note: i-clicker Reef is free to UF students for Spring 2021. You should not have to purchase a subscription.*
Need help with your iClicker remote or iClicker Reef?

- Find answers to many of your questions and contact the iClicker Tech Support Team by visiting iclicker.com/support at any time.
- If you are having issues connecting to iClicker Reef, check out these iClicker Reef Connectivity Tips.
- If you are having issues seeing your iClicker Reef points, check out this troubleshooting guide.

Academic Integrity Information

iClicker activities fall under the provisions of our campus academic honesty policy. Students must not engage in academic dishonesty while participating in iClicker activities.

### Attendance

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/

Attendance is not required nor will it be recorded. However, it is highly recommended that you attend class. If attendance becomes an issue we reserve the right to give announced or unannounced quizzes for points throughout the semester.

### Missing an assessment

An exam or quiz may not be missed without an excused absence or prior consent of the instructor. All requests to miss an assessment must be submitted in writing and signed by the student regardless of the reason. Any assessment missed for reasons other than those listed below or as outlined in the UF attendance policy will not be excused and a grade of zero will be recorded. In general, acceptable reasons for absence from or failure to participate in class include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, and professional conferences), military obligation, severe weather conditions, religious holidays and participation in official university activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Other reasons also may be approved. No make-up exams or quizzes will be granted without a valid excuse.
## Course topics

<table>
<thead>
<tr>
<th>Week*1</th>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Introduction to the course</td>
</tr>
</tbody>
</table>
| 2      | Cells and principles of cell growth:  
- Cell structure  
- Mitosis  
- Origins of individual variation  
- Cell signaling |
| 3      | Embryo development: from zygote to embryo: pre-implantation embryo, implantation, early embryogenesis (incl. neurulation, somitogenesis) |
| 4-8    | Basic structure, development and function of select tissues:  
- Muscle: prenatal development, structural organization, pathologies, excitation-contraction coupling, muscle fiber types & metabolism, postnatal growth  
- Connective tissue: general structure and types, cartilage,  
- Bone as connective tissue type: types, structure and anatomy, prenatal development,  
- Adipose tissue: types, structure and anatomy, prenatal development, regulation |
| 9-10   | Hormonal influences on growth:  
- General characteristics of hormones  
- Growth hormone and IGF-1  
- Sex hormones  
- Insulin and Glucagon  
- Leptin  
- Catecholamines  
- Glucocorticoids  
- Thyroid hormones |
| 11-12  | Whole animal development:  
- Phases of the growth curve  
- Models of growth  
- Types of growth curves  
- Components of whole body growth  
- Allometric growth  
- Types of growth curves  
- Whole body composition  
- Types of growth curves  
- Chemical composition of body tissues |
| 13-14  | Genetic factors affecting growth:  
- Species effects on growth  
- Breed effects on growth  
- Sex effects on growth |
| 15     | Environmental factors affecting growth:  
- Nutritional effects on growth  
- Microbial effects on growth  
- Stress effects on growth  
- Physical activity and growth |

*2 Special topics

For example: Muscle to Meat; Poultry Development; New Technologies in Embryo Growth; Development of the Mammary Gland

*1 Please note that the syllabus is an evolving animal. Contents, topics, and timeline listed in the syllabus may be subject to slight modifications, in part tailored to you.

*2 Contents and timing of special topics lectures are subject to guest speaker availability.
Other important dates (besides quizzes and exams)

First class: Mon. Jan. 11th  
Last class: Wed., April 21st (4th exam on this day)  
No class: Mon. Jan. 18th (MLK Day)

COVID-19 related information

Student behavioral expectations

*COVID-19 related absences*
Please refer to attendance policy & missing an assessment section

Other important information

Technology requirements
Computer requirements for this course are consistent with UF policy for student computing requirements, and likely similar to your other classes:
https://it.ufl.edu/policies/studentcomputing-requirements/

This course uses Canvas for providing course content and Honorlock for proctoring exams. Please see links below for further information regarding privacy and accessibility of these tools:
- Canvas (Infrastructure) privacy policy: https://www.instructure.com/policies/privacy  
- Canvas (Infrastructure) accessibility statement: https://www.instructure.com/canvas/accessibility  
- Honorlock accessibility statement: https://honorlock.com/accessibility-statement/

Honorlock is an online proctoring service that allows you to take your exam from the comfort of your home. You do not need to create an account, download software or schedule an appointment in advance. Honorlock is available 24/7 and all that is needed is a computer, a working webcam, and a stable Internet connection.

- To prepare for taking an exam using Honorlock please review this document: https://dce.ufl.edu/media/dceufledu/pdfs/Honorlock-Student-Exam-Preparation-Information.pdf
- To get started, you will need Google Chrome and to download the Honorlock Chrome Extension. You can download the extension at www.honorlock.com/extension/install
- When you are ready to test, log into Canvas, go to your course, and click on your exam. Clicking "Launch Proctoring" will begin the Honorlock authentication process, where you will take a picture of yourself, show your ID, and complete a scan of your room. Honorlock will be recording your exam session by webcam as well as recording your screen. Honorlock also has an integrity algorithm that can detect search-engine use, so please do not attempt to search for answers, even if it's on a secondary device. Honorlock support is available at all hours, so if you encounter any issues, you may contact them via live chat.
Services for students with disabilities
The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. Students should share their accommodation letter with the instructors and discuss their access needs as early as possible in the semester.

0001 Reid Hall, 352-392-8565, https://disability.ufl.edu/students/get-started/

Online course evaluation process
Student assessment of instruction is an important part of efforts to improve teaching and learning. At the end of the semester, students are expected to provide feedback on the quality of instruction in this course using a standard set of university and college criteria. Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at: https://gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aa.ufl.edu/public-results/

Software use
All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Academic Honesty
As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures.
regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. Visit the Student Honor Code and Student Conduct Code webpage for more information.

### Campus Resources

**Health and Wellness**

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

- **Counseling and Wellness Center:** Visit the Counseling and Wellness Center website [here](#) or call 352-392-1575 for information on crisis services as well as non-crisis services. Includes counseling services, groups and workshops, outreach and consultation, self-help library, and wellness coaching.

- **U Matter, We Care:** If you or someone you know is in distress, please contact umatter@ufl.edu, 352-392-1575, or visit U Matter, We Care website [here](#) to refer or report a concern and a team member will reach out to the student in distress.

- **Student Health Care Center:** Call 352-392-1161 for 24/7 information to help you find the care you need, or visit the Student Health Care Center website [here](#).

- **University Police Department:** Visit UF Police Department website [here](#) or call 352-392-1111 (or 9-1-1 for emergencies).

- **UF Health Shands Emergency Room / Trauma Center:** For immediate medical care call 352-733-0111 or go to the emergency room at 1515 SW Archer Road, Gainesville, FL 32608; Visit the UF Health Emergency Room and Trauma Center website [here](#).

### Academic Resources

- **E-learning technical support:** Contact the UF Computing Help Desk at 352-392-4357 or via e-mail at helpdesk@ufl.edu.

- **Career Connections Center:** Reitz Union Suite 1300, 352-392-1601. Career assistance and counseling services.

- **Library Support:** Various ways to receive assistance with respect to using the libraries or finding resources.

- **Teaching Center:** Broward Hall, 352-392-2010 or to make an appointment 352-392-6420. General study skills and tutoring.

- Student Success Initiative, [https://studentsuccess.ufl.edu/](https://studentsuccess.ufl.edu/)

- Student Complaints On-Campus: [https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/](https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/)
